Frequently Asked Questions

Are there any limits with the unlimited packages?

Yes, the Unlimited Package includes treatment up to the appropriate clinical maximums. For the upper-third (forehead, glabella, and crow's feet), this means the FDA-approved maximum dosage. For all other areas, the ceiling is the upper end of the appropriate clinical dosing range. Your provider will tailor dosing to your features, and you will only receive the units you need — prioritizing balanced, natural-looking results.

Unlimited packages are non-transferable and must be used by one person in a single session.

Unlimited Treatments may not exceed the following clinical maximums:
